Dear Uncle Henry.

Your letter of recent date to our friend Thompson performed its mission in a very satisfactory style. Thompson never let on to me that he had a letter from you. but a few days after its arrival, he suggested that perhaps he had better move down town he said the masons told him to that he could procure a room for 8^{00} a month he asked me what I thought of it. I told him it was the best thing he could do, for my wife was complaining of having to much to do now. He then asked me how we stood financially. I told him if he was satisfied with what he had paid me I would call it square. As I surmised his job played out, & he is at present out of work. He says if he can't find something round here soon he will go back to Concordia. If he decides on this latter course I shall try & get him a pass. I wish you had your thinky out of mine

Many thanks for the Kodak views.
I suppose you heard of poor John's death, it was a great blow to us all. he suffered greatly for the past 2 years. and although we might have expected it, his death came on us very suddenly. I hope you & the boys are enjoying good health, this winter has been very trying. It seems as if I have been ailing nearly always lately and I am at present under the doctor's care with one of my lungs slightly off color. I shall be very glad to hear from you again soon.

With love

I am yours
